Description:

The journey to the Little League® World Series continues with two new teams and fierce competition. Little League Baseball® players Liam and Carter are still adjusting to changes since Liam's family moved across the country to California. Liam is faced with having to prove himself all over again to his new teammates. Carter, on the other hand, is having his best season ever. His pitches are unstoppable and it looks like his team might just sweep the competition. That is, until a new pitcher hits the scene.

My 11 year old son is sports obsessed. It is easiest to get him to read sports related books. He has read the whole series of these and loves them all. After finishing the last one he said they need to write more of them. :)
